Mr. Downing voted for the charter because he believed it would bring a large amount of foreign capital to Virginia, which would be taxed. He believed in the Democratic doctrine of the greatest good to the greatest number. The grower of the tobacco would be benefited by the operations of the American Tobacco Company. WHEN WOLLY GOES BY.

Tis but poorly I'm ledged in a little side street, Which is seidom disturbed by the hurry of feet, For the flood-tide of life long ago ebbed away From its comely old houses, rain-beaten and gray, And I sit with my pipe in the window and sigh At the buffets of fortune—till Polly goes by.

There's a flaunting of ribbons, a flurry of laca, And a rose in the bonnet above a bright face, A glance from two eyes so deliciously blue. The midsummer seas scarcely rival their hue; And once in a while, if the wind's blowing high, The sound of soft laughter as Polly goes by.

And my poor lonely garret, close by the sky,

Seems something like heaven when Polly goes by!
